

WEDDING WAS DELAYED AT FORGOT LICENSE

Bride Goes to the Clerk's
Office in Wedding
Gown.

Attired in a pure white flowing dress, and with a wreath of orange blossoms in her dark hair, Miss Bertha Gelin, attended by her bridesmaids, this morning proudly marched down the aisle of St. Joseph's church in Berkeley to meet her affianced, Louis A. Monier, at the altar. Monier was pen hand, dressed in his best black, and white kid gloves, but the ceremony did not come off according to schedule, for the groom had forgotten his marriage license.

He had the ring, and arranged for a wedding breakfast and had backs in waiting, but he forgot the all-important license. The bride seemed much confused at this, but she gallantly took the arm of her husband-to-be and struck out for the county clerk's office, where they took out the necessary paper which would legalize their marriage. He gave his age as twenty-seven and the bride's as twenty-six.

There was considerable consternation among those present when the couple left the church without having taken their marriage vows, but an explanation was made and they sat down to await the return of the bride and groom, who was attended on his hasty trip to the county clerk's office by a friend. When Deputy County Clerk Wuthe asked the bride to hold up her hand to make affidavit to the license, she cried:

"No, no, I don't want you to marry us. I want to go back to the church. The Rev. Michael O'Riordan will marry us."

When the matter was explained to her she readily complied with the request to swear to the affidavit.

Miss Gelin attracted much attention in the county clerk's office, having gone for the license direct from the church, attired in her wedding gown. After procuring the license the couple returned to the church and were married. They left the church amid a shower of rice and well wishes.

LETTER IN THAW CASE

NEW YORK, July 14.—Joseph Letter of Chicago is being sought by District Attorney Jerome to appear as a witness in the Thaw murder case, according to a report which gained considerable circulation today.

It is said that it is the desire of the District attorney's office to have Mr. Letter tell the details of a dinner dance some time ago at which Nina Farrington, the actress, was a guest. According to today's report the search for Letter began as a result of revelations made to Assistant District Attorney Garvan by one of the actresses who has already examined in connection with the case.

Thaw had a very trying day in the Tombs. As early as eight o'clock his lawyers began to call at the prison, and he was in conversation with them almost constantly during the day. During the interview he became nervous and irritable. When the time for his usual late luncheon arrived, he declined to order anything, saying that he wanted nothing to eat today.

DENIES STORY.

CHICAGO, July 14.—Joseph Letter, who is in this city, denies that he ever attended any dinner dance at which Nina Farrington, the actress, was a guest. Mr. Letter said that he not only did not attend the dance, but was unacquainted with any of the parties in the Thaw case.

HUSBAND NOW UP FOR CONSPIRACY

THIS IS NOT A CONTEST FOR MY DAUGHTER;
IT IS A BATTLE FOR THE HONOR OF AMERICAN
WOMANHOOD. IT IS NOT A CASE IN WHICH I AND
MY FAMILY ALONE ARE INTERESTED; EVERY
MAN IN AMERICA IS CONCERNED. — STATEMENT
OF JOHN F. SCOTT, FATHER OF MRS. HARTJE.

PITTSBURG, July 14.—Expectations of more sensations today in the celebrated Hartje divorce case were based on the fact that Augustus Hartje, the millionaire libellant; John L. Welshons, his friend, and Clifford Hooe, the negro coachman, were to be arraigned this afternoon before Alderman F. King on the charge of conspiracy to defame Mrs. Hartje.

Assistant District Attorney John S. Robb admitted today that a confession made by Hooe would be used in the presentation of the case. What it contained he refused to divulge. It is probable that the hearing of the case will not be resumed Monday, as the forty famous letters are still in the custody of Mr. Hartje's counsel. Attorney Freeman, counsel for Mrs. Hartje, says he will not be ready to proceed with the trial at that time unless he gets the letters.

John L. Welshons, who is charged with conspiracy in connection with Augustus Hartje and the negro, Clifford Hooe, has been subpoenaed by Mrs. Hartje, and it is said will be called next week to testify in the case.

STOLEN LETTERS.

Although the warrants for the arrests of Hartje and others in the now notorious divorce case were served on but three persons, it was made known that still another information charging conspiracy and attempted blackmail will be made by District Attorney Robb as soon as the trial is concluded.

A prominent business man of Allegheny and the cashier of an Allegheny bank will be among the defendants in this action. Back of this prosecution

will be the proprietor of one of the largest department stores in this end of the state.

Hartje filed a supplementary petition alleging that his wife frequently visited the Hotel Lincoln in company with a man whose name Hartje refused to place on record. The defense secured an order of court requiring Hartje to give the name of this co-respondent, but instead of doing so Hartje dropped the petition and has not introduced any evidence to substantiate this accusation against his wife.

WOULD NOT BE BLACKMAILED.

This unnamed co-respondent is the department store proprietor. The Allegheny business man and the cashier of the bank went to him and acquainted him with the facts, and advised him to settle the case with Hartje's detectives for \$5000 and keep his name out of the case. Instead of settling, the department store man reported the matter to the district attorney and demanded action against all concerned.

BROKE IN MADINE'S TRUNK.

The story of how Hartje secured the letters presented in evidence and pur-

porting to have passed between Mrs. Hartje and Tom Madine, the Irish coachman, was made public today. Two detectives hired by Hartje got into Madine's room. It is declared, while the coachman was absent, and robbed his trunk. On the witness stand Madine denied that his trunk had been robbed when he was asked this question by Attorney Martin, for Hartje. He also denied the letters were ever in his possession. Hartje's lawyers expect to prove Madine a perjurer by putting two detectives on the stand to testify how they got the letters.

The letters were gone over by the defense in company with several noted experts on handwriting from New York. The defense would not disclose their names until they are called to the stand. John Freeman, counsel for Mrs. Hartje, would say nothing further than that the letters would be proved forgeries beyond the shadow of a doubt. Mrs. Hartje's lawyer expects to have all of his testimony in by Thursday evening of next week, and Hartje will then introduce witnesses in rebuttal to show how the letters were obtained.

NEGRO COACHMAN.

Attorneys for Hartje complain of the public prejudice which has grown up against their client because he introduced the negro coachman, Hooe, into the case first as a co-respondent. They say it has injured their case and made it much harder for them to work. But, they add, they are asking a divorce of the court and not of the public, and have no fear of the verdict.

Augustus Hartje, when asked today what he thought of the outlook, said: "As sure as there is a God I will get my divorce."

His case hangs on the letters, which Mrs. Hartje says are forgeries, and which Tom Madine says he never received. Hartje is confident the defense will be unable to prove these letters were forged. Counsel for Mrs. Hartje would neither affirm nor deny that he has located the forger of the letters, said to be a young woman.

DEFENSE COSTING A FORTUNE.

The cost of this case to both sides has been enormous. Each has professed to fear tampering with its witnesses, and the result is that certain witnesses are guarded constantly by detectives. John F. Scott, father of Mrs. Hartje, is a comparatively wealthy man, but his friends say the trial will cost him his entire fortune. When it first began he said "I will spend every dollar I have in the world. This is not a contest for my daughter; it is a battle for the honor of American womanhood. It is not a case in which I and my family alone are interested; every man in America is concerned."

AT IS KILLED BY TRAIN

S. F. Man Struck by
Seventh-Street Local
and Badly Mangled.

A man believed to be C. Campbell, refugee from San Francisco, was struck and instantly killed at 1 o'clock this afternoon by the eastbound Seventh street local train near Wood and Pine streets. Campbell started to cross in front of the approaching train which apparently he did not see, and was struck by the pilot and dragged under the wheels. The body was terribly mangled.

The deceased was partially identified by A. L. Dennis, proprietor of the saloon at the corner of Seventh and Pine streets. The features, however, were so badly disfigured that positive identification was impossible.

The deceased leaves a family who reside in San Francisco, but their address could not be secured by the deputy coroner.

The number of the locomotive which caused Campbell's death was 1903.

Immediately after the accident the coroner was notified and the remains removed to the morgue, where an inquest will be held to determine the responsibility for the accident.

Papers found on the body of Campbell at the morgue proved that the name of the deceased was William Campbell. It was also found that the dead man was a negro. His head was entirely gone when picked up, and it required a minute examination to discover that the deceased was not white man.

MIND IS WRECK

Graduate of Alameda High
School Has Strange
Vagaries.

Because of overstudy and resulting nervous disorders, the once bright mind of Miss Marguerite Boarman, a stenographer, 18 years of age, residing with her parents at 602 Taylor avenue, Alameda, has become deranged. She had just graduated from the High schools and speaks Spanish fluently. The unfortunate young woman was placed in the detention ward of the receiving hospital early this morning and was examined as to her sanity today by Drs. Shirk and Bradley before Judge Ellsworth. She was committed to the hospital for the insane at Slackton.

Because of her nervous condition, Miss Boarman was overwrought at the time of the recent earthquake, her mind having been deranged since the disaster. No particular attention was paid to her actions up to the last few days, as signs of a mental breakdown were few. Of late, however, she has grown steadily worse, her condition being such as to warrant her being confined. She is of the opinion that she is a singer of renown and that her voice is worth a large fortune. According to her hallucinations she is to receive \$20,000 a night for singing. She says she will give her first concert free to her friends in Alameda and Oakland.

BREAK FOR LIBERTY.
Her case is one of the most regrettable brought to the attention of the officials in many years.

When Miss Boarman was taken before Judge Ellsworth a flash of intelligence illumined her mind and she apparently realized her position. She made a break for liberty by jumping over the railing in the courtroom and was caught by Deputy Sheriff Brown. Later she became less restless and seating herself in the clerk's chair, commenced to direct the court proceedings.

She then passed around a note she had written which requested all signers to leave Oakland for the consideration of \$3,000,000, which she was to pay. Judge Ellsworth smilingly refused to sign the paper, saying he was too fond of Oakland to leave even for the immense sum offered.

ANOTHER CASE.

Ida Bergman, the Salvation Army girl who was taken to the detention ward of the receiving hospital yesterday, was examined as to her sanity today by Drs. Shirk and Bradley and sent to the asylum for the insane at Ukiah.

MRS. CARTER IS MARRIED

PORSCMOUTH, N. H., July 14.—Inquiries as to the reported marriage of Mrs. Leslie Carter, the actress, to William L. Payne in this city yesterday revealed the fact that a marriage license was issued yesterday to William L. Payne, aged thirty years, and Caroline L. Dudley, aged thirty-three years, by City Clerk F. H. Moran, of Portsmouth, and that a man and a woman were married under those names later in the day by Rev. Henry E. Kovey, an Episcopal clergyman of this city.

Upon being asked the usual questions by the clergyman, both replied that they never had been married before.

Rev. Mr. Kovey stated today that he had no reason to believe that the woman was Mrs. Carter, and City Clerk Moran made similar statement.

Mrs. Carter and a party were at a local hotel yesterday and Payne was included in the party. About half an hour before the time at which the marriage ceremony by Rev. Mr. Kovey was performed, Payne and Mrs. Carter left the hotel, saying in a joking manner to their friends that they had been invited to visit a battlefield. They returned to the hotel later and during the day the entire party left the city for Boston. It was understood at the local hotel that they were going from Boston to Winthrop.

REPORT CONFIRMED.

NEW YORK, July 14.—David Belasco today confirmed the report that Mrs. Leslie Carter had been married yesterday to William L. Payne, an actor.

"I have spoken to Mrs. Carter over the long-distance telephone," said Mr. Belasco, "and she admits the story is true."

REFUSES TO TALK.

BOSTON, July 14.—Mrs. Leslie Carter left a hotel in this city today in an automobile, accompanied only by a maid and a chauffeur. Her destination was reported to be her summer home at Shelter Island, near New London.

William L. Payne had already left the hotel in charge of the actress' trunk. Mrs. Carter declined to discuss the report of her marriage to Mr. Payne.

The appointments will be announced by Mayor Schmitz Monday. He leaves for Watsonville tonight to visit his children.

THIEVES SEND BACK PLUNDER

SAN FRANCISCO, July 14.—Dr. T. W. L. O'Leary, former coroner, who on last Tuesday night was held up within a block of his home, 1910 Vallejo street, and relieved of several hundred dollars' worth of valuables, this morning received the following communication, which has been turned over to the police:

"Thank you very much for the money. I hereby return you a few valuables. I was desperate and needed money to leave town. If I can manage I will pay you back some time." **BUD AND OHIO RED.**

Accompanying the letter was a doctor's watch, a check for \$175, a charm and chain and a bunch of keys.

Two men participated in the hold-up. James Sutton, a suspect in the case, is under arrest. He is thought to be the caller of the two robbers. He has a long police record.

The detectives are hopeful of arresting the other man before nightfall.

ADmits WILL TO PROBATE.

Superior Judge Harris today signed the order admitting to probate the will of John Richard Francis Dowling. John J. Dowling, who filled the position for trustee of the will, was appointed executor.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mary Holt, of this place," writes J. O. R. Hough, Woodford, Penn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request, Dr. King's New Doctor gave her, with the result of惊人的结果, the iron lung, she began to recover, and is a healthy woman today." GRAFT IN BERKELEY

BERKELEY, July 14.—At the regular meeting of the conference committee of improvement clubs, held last night in the rooms of the Chamber of Commerce in the First National Bank building, E. J. Martin made some sensational disclosures in his High school report, which was filed and adopted. His report reads in part as follows:

"In view of the fact that 'grafting' has made its appearance in the construction of one of our most important school buildings, your committee would recommend to our town trustees and board of education, when the services of an architect are required, that they pay said architect a specific sum for his plans and specifications or a proper percentage for the use of the same, but do not employ or pay him for supervising; in lieu, however, of this, to employ a capable and honest inspector who will devote all his time to watching the building or buildings in the course of erection.

"Your committee has examined the mortar in the walls and others parts above specified, and backed by the opinions of many experienced builders does not hesitate to declare that the mortars used were not made according to the 'specifications' and that the word 'rotten' is the only word which properly describes the mixture of sand and lime used as mortar in building our high school."

SCHMITZ RESTS ON HIS OARS

SAN FRANCISCO, July 14.—Mayor Schmitz did not appear at his office this morning. No announcement was made as to the personnel of the new board of police commissioners. Dr. W. H. Leahy will be the president of the board. Other men under consideration by the mayor are Samuel H. Dutchie, cashier of the Bank of California, Charles Loesch, manager of the California Baking Company, the largest plant of its kind in the west; Allan Pollock and Thomas Magee.

There is no certainty that these men will serve on the commission.

Ex-Commissioner Reagan may possibly go before the grand jury with the charges that Mayor Schmitz was implicated in attempts at grafting in the whisky business. Subpoenas have not, however, been issued for either the mayor or Reagan.

The appointments will be announced by Mayor Schmitz Monday. He leaves for Watsonville tonight to visit his children.

OSGOODS' TWO DRUG STORES

TOUGH TRUNKS

The word "tough" is not particularly refined. We associate it with roughness, ability to give and take abuse, and similar ideas. But it seems to apply to Traveling Trunks, with marked appropriateness.

Osgoods' Trunks are tough in their nature, but refined in their appearance. They will stand any amount of knocking about without collapsing. They are made of wood, steel and brass, three good elements. You never saw trunks of equal strength for the money we ask.

We have a \$7 trunk that's a wonder. If you would know just what a good thing it is, go to an ordinary trunk store and ask to see their \$12 trunk. Then come to us and you will see the same in grade and quality marked \$7.

The interiors are just as durable and convenient as the exteriors are suggestive of strength and resistance.

But why say a whole lot about it? They speak for themselves, and it's a pleasure to show them to you.

OUR CIGARAGES

Some of the readers of our newspaper talks smiled last week when we spoke about our cigarages. No need to smile or to express surprise. It's a new word certainly—there's a dash of originality about it. But it's very expressive and no one is surprised at any amount of originality coming from Osgoods'.

We were never known to follow other people, but always carved out a practical, original path for ourselves, and followed it.

We are doing it now with cigars—have been doing it for years.

Every other cigar seller in town charges twenty per cent more for cigars than we do. That's a whole lot. It means you get five cigars from us for the ordinary price of four.

Not self-named cigars either, but the best known brands in the world—Optimos, Sinceridades, Americans, Palencias, Sanchez & Haya and similar standard brands.

ALL AT 10c EACH

CUT-RATE MEDICINES

Our price-cutter has the keenest edge of any price-cutter on this coast. When people tell us that other stores have suffered from a temporary spasm and have issued a new list of cut rates, we immediately go just a little deeper and keep on leading in the selling just the same.

That's about all that is necessary to say. All Alameda county knows the rest.

Master Plumbers Can Use Discretion in Paying New Wage Scale.

The master plumbers of Oakland and Alameda decided at the meeting last night that the individual members of the association should use their own discretion in the matter of wages for journeymen plumbers.

A short time ago the men demanded that they receive \$6 per day instead of \$5 for their work, the same as their brother workmen are receiving in San Francisco.

At first the master plumbers demurred, contending that the wage was too high for the amount of business done. They also took exception to the short notice which was given.

Yesterday, however, a conference was held and the following resolution, which was drafted by G. H. Curtis, M. J. Mitchell and Carl Deell, was unanimously adopted:

"Resolved, that the master plumbers of Oakland, Alameda and Berkeley are authorized to take individual action as their best judgment and interest may dictate, as they feel that owing to the shortness of the time it is a matter for individual action."

SLAUGHTER WHALES BY WHOLESALE

VICTORIA, B. C., July 14.—The success of the coast whaling station at Soscotra on the Vancouver Island coast, where the Pacific Steam Whaling Company of Victoria commenced operations a year ago and has since taken an average of a whale per day, has caused the officials to triple the industry. Plans are being drawn for two new stations, one at the Nootka Sound, the other at River Inlet. Two additional whaling stations will be ordered in Norway, where the little whaler Orion was built. Arrangements will be made for a steam freighter for the company. During the last four days the Orion has taken nine whales, valued at \$10,000. On Wednesday four whales were brought in at one time.

NEW YORK, July 14.—E. T. Gerry, chairman of the United States Steel Corporation, will sail on Monday for a four months' vacation, most of which will be spent automobileing in the south of Europe. His proposed trip is described as purely for pleasure, though it is thought that while abroad Mr. Gerry may look into the matter of appointing a successor to Colonel Millard Hunsaker, representative of the United States Steel Corporation in London, whose resignation was announced from London yesterday.

THE NOVELTY.

Yuma, the world's known to be one of the world's greatest sensations, has been forced to postpone his appearance in the Novelty Theater for the week commencing Monday, July 21. Tony Lubelski, the proprietor of the Novelty, had great difficulty in securing Yuma to play at the concert theater in Yonkers, N. Y., and he has turned to the University student Walter de Leon, in the role of Uncle Tom. This lad shows remarkable talent and Manager Greenbaum made a lucky find when he discovered him.

AT THE LOCAL THEATERS

FRANK W. THOMPSON, the well-known clubman at Idora Park.

Johnny has been marching home nights ly amidst the greatest enthusiasm and before enormous houses at Idora Park during the past week, and from the way the people seem anxious to see him march the poor fellow will certainly get tired out before they get through with him at the favorite amusement resort.

The military opera "When Johnny Comes Marching Home" is certainly a departure from the usual style of comic opera. It is unique, quaint and pretty. The costuming of the period of the civil war is a great feature and the girls with their enormous hoop skirts and hair dressed as our grandmothers were wont to wear it made a really beautiful picture.

The music of this opera is rather more pretentious and varied than that of the average modern comic opera. There are solos, duets, quartets, quintets, and from the most intricate style of composition to the simplest comic song; and by the way there is nothing better in the program than the work of the young University student Walter de Leon, in the role of Uncle Tom. This lad shows remarkable talent and Manager Greenbaum made a lucky find when he discovered him.

The action of "The Black Flag" takes place in Dorchester, England, and its character of Lazarus, the man of the greatest triumphs of his brilliant career, Mr. Simms, who collaborated with Mr. Pettit in the composition of "The Black Flag," is also author of the melody of "Lily of the Valley," and has long been recognized as one of the most distinguished men of letters in the British Isles. UNPRECEDENTED ACTIVITY IN OAKLAND REALTY BUSINESS

Number of Firms Constantly Increasing, but All of Them Are Making Many Sales--Gradual Development in All Parts of Municipality--Demands for Property Greater Than Ever in Commercial District--New Structures of Week Will Cost Nearly \$160,000--Supply of Houses Not Equal to Demand and Liberal Returns Assured Investments in New Structures of All Kinds--Bond Issue for Construction of Storm-Water and Drainage Sewers Meeting With Favor.

The present week has been the liveliest of the year in the real estate business. Every dealer is jubilant and despite the fact that the number of men in this avocation is increasing, every one of them is making money.

The demand for property was never so great in the history of the city as it is at this time. Hundreds of deeds are recorded every week and in all sections of the city new homes, apartment houses, flats, stores, warehouses and factories are in course of construction.

The dwellings as a general thing are being built by the people who are to occupy them. This is an evidence of the fact that the population is increasing in a gratifying manner and that the newcomers have come to stay.

FEW HOUSES TO RENT.

It is to be regretted that there are not more houses to supply the demand.

The Laymance Real Estate Company, the Realty Bonds and Finance Company, J. H. Macdonald & Co., George W. Austin, A. J. Snyder and, in fact, all the local realty dealers tell THE TRIBUNE that they can not supply the demand for houses. They say they could rent houses, if they had them, for liberal amounts and to reliable people. New houses, they say, are especially in demand.

Mr. Laymance of the Laymance Real Estate Company, says it is absolutely imperative for more new houses and flats to be constructed to meet the wants of the people. It is impossible, he declares at the present time to meet the present demands in this regard, and this is only midsummer. One can imagine the increased demand when the fall season opens. He says he is advising his patrons with unimproved property to build upon the same, as they are absolutely safe in so doing.

Mr. Laymance further declares that his company has made some large sales which he cannot at this time report in detail. One was for \$60,000, one for \$90,000, one for \$75,000, and another for \$32,000. These have a direct bearing upon the development of the city.

DEMAND ALL OVER.

While the demand for property is great in the outlying sections, it is especially encouraging in the business district. More transfers of property south of Twelfth street have taken place during the past six months than were ever known to have taken place previously during the same number of years.

Lower Broadway, Franklin and Washington streets have undergone a wonderful transformation. Modern stores have been established on Broadway and warehouses and factories have taken the place of vacant lots on the other thoroughfares.

On Washington street, the new free market building at the intersection of Sixth street, has been completed, and presents an attractive appearance. It is really a model of its kind and there is little doubt that it will prove a profitable investment for its owner, J. Pantoskey.

EIGHTH STREET.

Eighth street has been receiving special attention from men with money to spend during the past week, and as a consequence a number of sales have been made on that thoroughfare to well known people who are interested in the advancement of this city.

These know that the street in question is located near the lines of the Southern Pacific Railroad Company, as also of the proposed line of the Western Pacific Company, a circumstance which will always tend to the appreciation of property in the southern part of the city.

In San Francisco, while there was a tendency to move westward, the value of the property near the water-front never decreased in value and, gradually, that section of the city was attracting to it a number of the largest concerns on the coast which were in search of room for purposes of development.

The same is true today of the business district of this city south of Twelfth street.

Hundreds of demands have been made for sites there. Some of these have been satisfied and others are depending upon negotiations.

The entrance of the firm of S. N. Wood & Co. to this city is an event of special importance because it is proof of the fact that one of the largest clothing houses in the country recognizes the fact that Oakland is a place in which business on a large scale may be carried on.

TWELFTH STREET.

Twelfth street east of Broadway is also experiencing a development which promises to make it one of the most important business streets in this city.

The construction of the new Oakland Bank of Savings at the corner of that street and Broadway will be followed by that of a number of other imposing structures.

At the intersection of Harrison street the occupants of the old College Hall have been notified to vacate the premises, and immediately following their retirement the venerable structure will be razed to the ground and new and modern business structures will take its place.

NORTHERN SECTION.

In the northern section of the city, the development is of the most encouraging character. The building of homes is there in progress and the increase in population is unprecedented.

The Lakeshore Hotel, which is to be built on the west shore of Lake Merritt north of Thirteenth street, will still further tend to the development of Twelfth street. The fact that it is to be built has been announced abroad, and it is known that other hotel men have regretted leaving the opportunity pass to secure so fine a site for a hotel, especially when it was to be had at a very low figure.

NEW BUILDINGS OF ONE WEEK TO COST \$155,000.

During the week ending last Thursday night there were permits issued by the Board of Public Works for 120 new structures and alterations of old ones.

The new buildings are of every class which enters into the development of a growing community. Among them are modest cottages, pretentious dwellings, flats, rooming houses, stores, warehouses and factories. Some of the rooming structures will have accommodations for 200 people. The total cost of these improvements is \$155,680. This sum added to the money which is being expended in buildings now in course of construction will make quite a stir in the building world. HOTEL ALBION TO SUPPLEMENT LAKESHORE IN OAKLAND

Model Hostelry Which Is to Be Constructed Through the Enterprise of John Tisch, One of the Best Known Business Men of This Community--Excellent Work of Greensfelder & Bloch in Making Possible Hotel on Shore of Lake Merritt and Bringing to Oakland Commercial Concerns Which Will Give Employment to Many Operatives--Outline of Perfected Scheme Which Will Give Oakland Best Drainage System in Western Part of Country.

ness concern in Oakland which is more highly thought of as a consequence. Although but recently established in this city, the firm of Greensfelder & Bloch has done a great deal for the advancement of Oakland.

It was this firm which led to the establishment of the Security Bank and Trust Company, which is now one of the most thriving financial institutions of this city.

It was this firm also which made possible the building of the Lakeshore Hotel, an undertaking which has long occupied the attention of business men and financiers of this city.

S. N. WOOD & CO.

Another achievement to be credited to this firm is the introduction to Oakland of the celebrated firm of S. N. Wood & Co. of San Francisco, one of the largest clothing and tailoring houses on the Pacific Coast. This new accession to the business life of the community has secured all of the Davis building at the northwest corner of Washington and Eleventh streets and will there open up business on a scale in keeping with that which characterized it in San Francisco.

The firm has taken a ten years lease of the premises. It will put in a glass front which will cost \$30,000, and it will expend a similar sum in fixtures, making the place second to none west of Chicago. S. N. Wood & Co. never do anything by halves. They have long been established in San Francisco, where at the time of the earthquake they had three immense stores and tailoring establishments in operation. An idea of the amount of business the firm did over there may be received from the fact that they paid a rental on three stories of \$90,000 a year. At the same time, they gave employment to 400 people.

HALE BROTHERS.

Another achievement of the firm of Greensfelder & Bloch was the bringing to this city of the great dry goods firm of Hale Brothers. Of course the firm in question recognized the fact that Oakland was a good place in which to do business. It was destined eventually to establish itself here but its entry at this time was hastened by the energy and enterprise of Greensfelder & Bloch. The office of this firm is at 464 Eleventh street.

**JOHN TISCH
TO CONSTRUCT
ALBION HOTEL.**

John Tisch, proprietor of the Central and Arcade Shaving Parlors and Baths, has the greatest confidence in the continued growth of this city and is showing it by the making of improvements which will represent an expenditure of about \$75,000. One feature of this development will be the erection of a magnificent hotel on his property on Albion street, near Telegraph avenue.

The lot is 193x165 feet, and the building is to be 128 feet front by 94 feet deep. It is to contain sixty sleeping rooms, besides parlors, dining-rooms, lobbies, cafe, billiard room, bowling alley, trunk, storage, and the usual paraphernalia rooms and cooking apartments of a first-class caravansary.

The building is to be in the Spanish style with a visible roofing of tile and with two large roof gardens, large trellises, and a court facing the street.

The structure is to be U-shaped and

good time, however, is assured all that attend.

The committee in charge has W. J. O'Neill for chairman, besides R. J. Keeler, E. E. Pontius, R. W. Swain, A. J. Buttier.

Trains will leave Eleventh and Webster streets for Alameda at 3 a.m. and for East Oakland, Fruitvale and East Berkeley, West Berkeley and West Oakland from Seventh and Broadway at 3 a.m.

OBSERVE WEDDING ANNIVERSARY

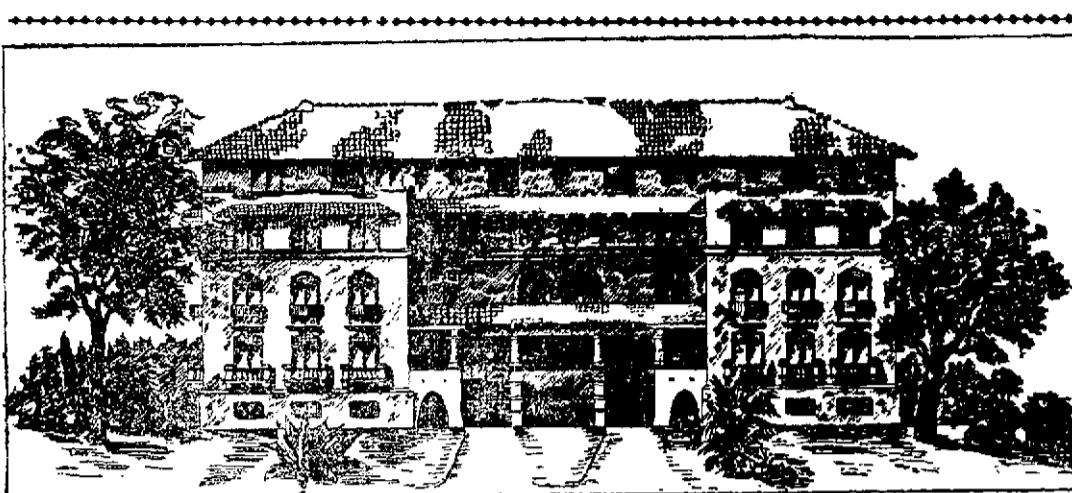

Mr. and Mrs. Edward E. Hite celebrated their twenty-second wedding anniversary, at their temporary residence, 765 Twentieth street, Oakland, last week. Mr. and Mrs. Hite and son are from Kentucky. Mrs. Hite received many handsome presents. The chosen flowers of the evening were pink carnations. The table was covered with carnations and ferns.

The latter part of the evening was spent in the music room, where a program was rendered. A wedding address was delivered by Miss Julie Gilssmann.

Mr. Clifton S. Hite, son of Mr. and Mrs. Edward E. Hite, was unable to attend his parents' anniversary, and cabled, congratulating them and wishing them to continue their good health and prosperity.

**PROPOSED MEANS
OF PERECTING
SEWER SYSTEM.**

In this department of THE TRIBUNE is presented a map of the city of Oakland on which appears in black lines the stretches of sewers which it is proposed to build in order to make the sewer system of the city perfect.

For years Oakland has been building local sewers to drain newly settled districts, with the result that it is now one of the best sewerized cities in the country.

The great increase in population, however, has necessitated the construction of a number of outlet sewers and these sewers have been devised by the city engineer in a most skillful manner. The proposed new conduits as herewith shown will be considered with interest by all who are aware of the importance of drainage as a means of preserving the health of the city.

A key to the situation will be found in the following, which shows the sewers which it is proposed to construct, the length of the same, the character of the structure and the estimated cost of the same, which has been specially prepared for THE TRIBUNE by City Engineer Turner and Assistant City Engineer Brown.

Market street, from Thirty-sixth to Forty-fifth streets, thence to Forty-fifth street to West, thence to Fifty-third street, thence to Grove street, thence to Fifty-sixth street, 6345 feet; estimated cost, \$52,100; storm and sanitary.

Adeline street, from Temescal creek to Berkeley line, from five to three feet in diameter, 3500 feet; estimated cost, \$20,040.

Canning street, from Temescal creek northerly to Sixty-third street, from forty-two to fourteen inches in diameter; storm sewer, 2329 feet; estimated cost, \$10,020.

Fifty-fifth street, from Telegraph avenue to Lawton street, thence to Fifty-first street, thence to Manila street, thence to city limits, from 3 feet 2 inches by 4 feet 3 inches to 2 feet by 3 feet 6 inches, egg shaped; storm and sanitary sewer, 5419 feet; estimated cost, \$45,000.

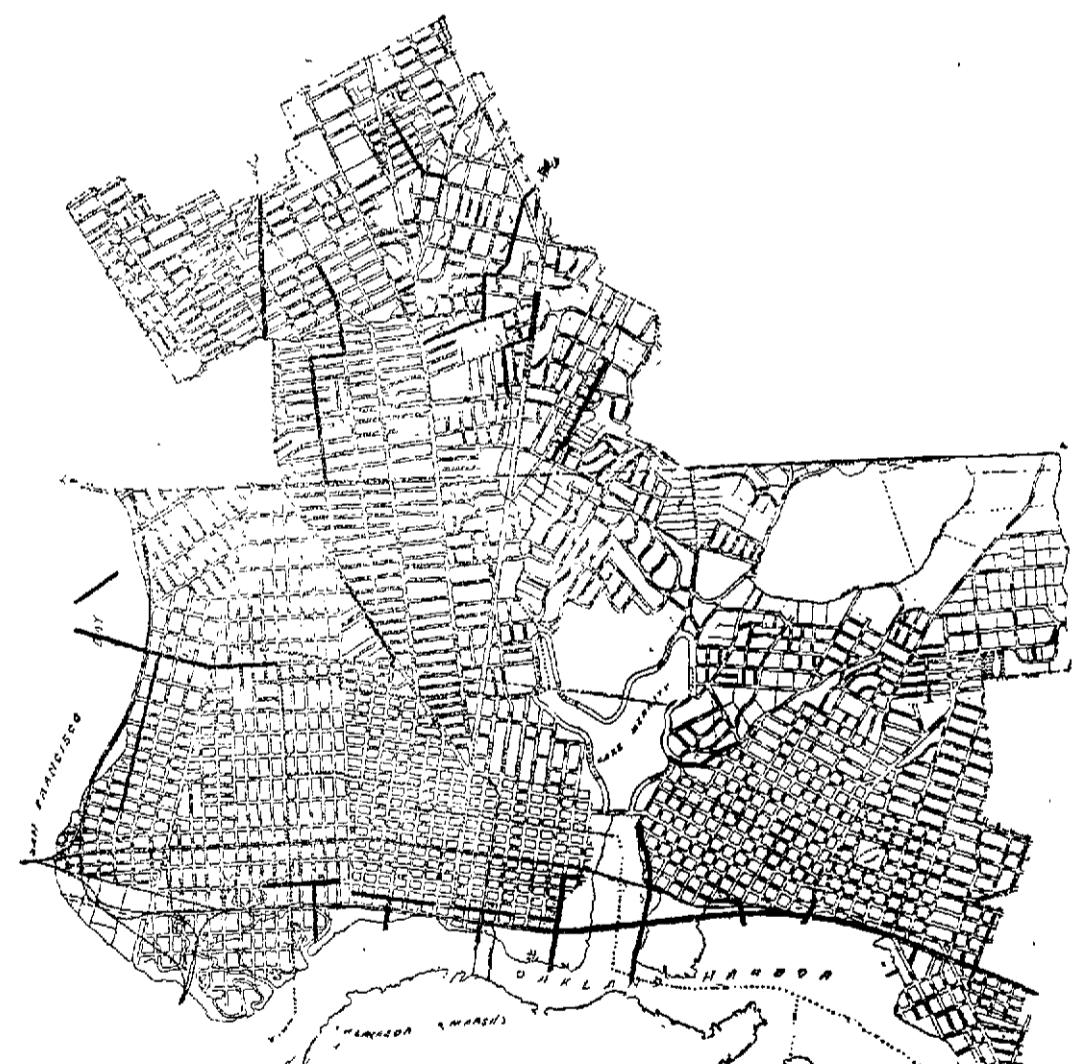

Diamond street, from Fortieth to Forty-second street, thence to Broadway, thence to a point near Whitmore street; storm sewer from 4 feet 6 inches to 4 feet in diameter, 2033 feet; estimated cost, \$29,310.

Cemetery creek, from Moss to Echo avenue; sanitary sewer from 18 to 8 inches, 3700 feet; estimated cost, \$7620.

Thirty-sixth street main outlet sewer extension, from western terminus of present sewer to bulkhead line, 4 feet 6 inches by 7 feet, 1750 feet, storm and sanitary; estimated cost, \$48,000.

Main lake sewer, on Twenty-second street extension, from Adeline street to bulkhead line, 6 feet square, 5174 feet; estimated cost, \$97,200.

Wood street, from Ninth to Twenty-second street, sanitary and storm

THE MEDDLER

DAY OF THE CLIQUE.

In the past, it has been remarked that Oakland is very exclusive city. The stranger within our gates has had rather a hard time of it; and often he has taken himself away, hurt and indignant at his treatment and established a home elsewhere.

We have lost many desirable families in the past, through a certain coldness and neglect and Los Angeles has profited thereby.

Time was, in the past, when Oakland was only a village, that several little cliques were in the ascendancy, and if you did not belong to one of them you really had no claims to be considered in the social swim. It was rather hard to "break in," especially if one had a certain refinement which kept one aloof from social affairs in which they were not welcome.

The day of "the clique" is over—we have seen the setting of its sun. Oakland and San Francisco today present a famous study in amiable democracy. Oakland has been gradually growing, pushing out over the hill-sides, and the changing in the lines of residence districts has changed much also along social lines. New people have come among us, and stirred to a more rapid growth our quaint conservative town. From a village, we grew to a city, and in the process we outgrew many social traditions.

And then came the great earthquake—an earthquake memorable in the history of the coast. In a few minutes it shook away fortunes, and those who had resigned socially by right of money, went down with the crash. It was a very bad morning indeed for the Golden Gate.

The work of reconstruction has commenced, socially as well as other ways, and it shows so many distinctive phases that it is well worth while watching.

We do not know our old Oakland now-a-days. Such a busy, bustling Oakland as it has grown to be. One feels like the little old woman in Mother Goose, who looked about her in much bewilderment and said: "Can this be it?" She wasn't really sure.

At first, after the earthquake, we thought these thousands of people would only be with us for a few days, but lo! they are here to stay. And why should they go back? There is nothing to go back to but to a wilderness of desolation. It is inexpressibly sad in San Francisco. The wreck and ruin, and loneliness gets on one's nerves. The men may build it up, but the place for the women and children is certainly not in the outskirts of these ruins. The ruins are certainly great—the greatest in the world—awful, majestic, appalling. The weird loneliness in the streets is superb. But one cannot live in them. The memories of the terrible earthquake, of the frightful fire are burned in upon people, and they must get away from the terrible devastation and take up the day's work among more peaceful surroundings.

And so, in a few weeks we have come to be a big city, and it is for us to make cordially welcome, and in a social way, these many families who are establishing homes among us.

We are a big city now, and already we are beginning to live as is customary in a big city. Our streets are crowded, there are crowds of people in our bright cafes, and our theaters show big and appreciative audiences. After the day's work, every thing is Californians love life. After the serious work of the day they take up its lighter side, with an enthusiasm that is good to see.

When a community learns to play you may expect the best from it in many lines of development. The San Francisco people have always worked hard, but they also enjoyed life with a zest unequalled anywhere else in America. In fact it earned for San Francisco the title of "The Paris of America."

We are just beginning to realize that with this sudden access of population great things are happening to us. We will probably rise to the occasion and do our share to make Oakland the really great city it bids fair to become.

FAITH IN SAN FRANCISCO.

Among the easterners who still have faith in the coast are Mrs. Oelrichs and Mrs. W. K. Vanderbilt, who are planning extensive San Francisco improvements. A New York paper says that they have directed their agent, Thomas Magee, to arrange immediately for the filling in of the Fair Basin, which extends along the bay front from Webster to Broderick street. This basin was originally dug with the intention of reclaiming extensive flats then covered by the waters of the bay. An enclosure was made which took in 120 acres. The filling in work was then begun, but owing to the great expense connected with it, it was stopped. Mrs. Oelrichs is one of the very brightest business women in New York. She counts now upon the abundance of debris in the ruins of the city to supply the necessary filling. Mrs. Oelrichs has

ordered all her San Francisco property cleared of debris.

WRITES OF HER HOME CITY.

One of the well known former residents of the Lake Side District has been for many months in the East. Her family were among the well known pioneers, who helped to build the San Francisco of early days. She writes a letter so full of courage and optimism that it deserves a wide audience: "I can understand what a dreadful blow the earthquake and fire have dealt to the earth and fire have dealt to San Francisco. It is a great blow to those who have put money, brain and brawn into its beautifying. But, my dear, there are still men and women, the progeny of these pioneers. The latter built this dear city with money earned by the sweat of their brow.

"No doubt it will look very crude to you all out there for a time, for it will be necessary to provide temporary homes for the working class, and the business men must have temporary places in which to carry on business affairs.

"But though I realize the desolation of the present I wish I could be out on the coast to see San Francisco rise from its ashes. All of the Eastern states are proud of this far western city—of the humanity displayed in it, and of the courage of those who lost their all.

"Every cloud has a silver lining, so turn yours inside out. There will be a great and beautiful city out there by the Golden Gate, and though I may not have the joy of seeing it, the younger generation will.

"There are many facilities now, which were lacking in the old pioneer days. Steam cars have taken the place of the emigrant trains, and steamers now ply where the sailing ships were the only means of communication with the outside world.

"Progressive education has given a wide impetus to the crafts. We deplore the fact that the worst calamity of modern times has befallen our dearly loved, grand young city of San Francisco. But we look toward the lovely Golden Gate, and feel sure that the sun will soon again shine on the dear city of hills. In its new dress it will give evidence that the progeny of the old pioneers have inherited the grit of their fathers and of their mothers too. It will always be a lasting regret that the old landmarks that we loved so well are gone, and the valued heirlooms of the pioneers day destroyed. It takes grit and spirit, and pluck and courage to face the future out there in San Francisco, but there is plenty of all of it out there, and we exiles in the east, who would like to be with you, can only watch, and hope, and pray."

Mr. William G. Henshaw returned from the East on Tuesday evening, and is staying at his home on Jackson street. Mrs. Henshaw and her daughters and Miss Ruth Houghton have gone to Shelter Island.

The Henshaws are planning to remain permanently at their home on Jackson street. Mr. Henshaw is planning extensive improvements to the large residence, and new stables are to be constructed. The Henshaws brought from Europe and the Orient many works of art, which they had stored in San Francisco. The big warehouse was wrecked by the earthquake, but fortunately it was not destroyed by fire. The Henshaw home this winter, bids fair to be one of the most attractive residences in the city.

MANY NEW FAMILIES.

Everywhere in the city new families are coming to take up permanent homes. Three prominent families have taken residences recently in the Lakeside district. The Nevilles are comfortably established in the Belden home on Oak street, and Mrs. Neville met many Lakeside people at the fete champêtre, which Mrs. von der Ropp gave in her honor early in the season.

The Calvins have taken the residence on Madison street formerly occupied by the family of Admiral Kutz. Mr. Calvin is very prominent in railroad affairs.

The Rheems have taken a large house on Jackson street, and are already very popular in the neighborhood. Mr. Rheem is prominent in the management of Standard Oil interests on this coast.

VON DER ROPPS TO GO AWAY.

Mr. and Mrs. Alfred von der Ropp and their children spend many weeks each summer at "The Potter" in Santa Barbara. They will leave for that beautiful summer resort next week, and Mrs. von der Ropp will be accompanied by Miss Mackenzie, who has been visiting her sister, Mrs. Neville, at the latter's home on Lake street.

ENGAGEMENT THAT WAS DENIED.

An interesting story is told of an Alameda young man who is well endowed with this world's goods. His family has been very anxious for him to marry and have been casting around for a young lady whom they thought they would like to have in the family. Sometime ago the young man was paying attention to a prominent society young lady of Oakland. The family thought that she would make a good wife for the Alameda young man, so they quietly announced the engagement of the couple. The young man was somewhat surprised to see the announcement in the paper, but passed it over as being all right. A few days later he called on the young lady and asked her to become his wife. She reluctantly turned him down. Now the prominent Alameda young man is trying to make explanations to his friends as to why he is not going to marry. By the way, this is about the third or fourth engagement that the Alameda young man has figured in during the past year.

HAVE GONE TO CHICO.

Mrs. R. Augustus Bray and Miss Louise Mahony have gone to Chico, where they are to enjoy a week's rest at the Butter home in that city. They need the rest, for no two people have worked harder since the late catastrophe, and their success in every way, with the "Children's Shelter," which they established, has been phenomenal.

CALIFORNIANS LOYAL.

Californians are an exceptionally loyal lot of people and we always rejoice when one of our number does something exceptionally well. One of the notable articles of the month is written by Hon. George C. Perkins, and appears in "The North American Review." It is entitled "Reasons for Continued Chinese Exclusion," and it is so fair and impartial that it will be convincing to Eastern readers.

Of course, we all admit the superiority of the Chinese servant. Indeed he is a treasure in a household—with his capacity for endurance, and his careful attention to details; and he is so distinctly the inferior race, that social considerations enter very little in the household management. But the Chinese as a race, striving for domination in our republic, gives us a problem of supreme importance. Senator Perkins makes little or no distinction between the Japanese and Chinese. He includes them all under the head of Orientals. He says: "The Japanese will be always a Japanese and will never become an American."

"Competition with these people means a lowering of our own standard of life; we must relinquish some of the best results of Christian progress in order to compete at all."

"One of our ideals is the home, which is unknown to the Oriental. On the home we build up the system under which we live. Without the home and the church and the school we should revert to the semi-civilization of the Orientals."

"Admit among us a large population lacking those ideals and incapable of developing them, and there would be introduced a force, constantly opposing advancement along Christian lines, and tending to drag down society to the Asiatic level."

MISS MAHONY'S TRIP.

Miss Emma Mahony returned this week from a pleasant visit of some days to the Holt home in Stockton. Miss Mahony and Miss Holt were both members of the "Thursday Evening Club," one of the most popular social clubs Oakland has ever had.

The girls of the Thursday Night Club were for the most part schoolmates, and they have been very devoted friends since school days were over. They have proven that school friendships are not altogether sentimental affairs older people sometimes fancy them to be.

The Kittridges lost a great deal in the San Francisco fire, but fortunately most of their personal effects and family treasures were at the country home near Idora Grotto.

MRS. METCALF RETURNS.

Mrs. Victor Metcalf has returned from Tahoe, where she was the guest of Mrs. Henry Butters. Mrs. Metcalf, who was much tried out from the social round of Washington's official set, is planning to spend a quiet summer here with her mother, Mrs. J. H. Nicholson.

DR. BOYES IS BACK.

Doctor Boyes and his sons arrived from Tahoe on Thursday, having spent a delightful vacation at the lake, and Doctor Boyes has resumed his practice here.

MRS. MACDONALD AWAY.

Mrs. A. S. Macdonald and her children are spending a restful and very delightful vacation at Howell Mountain. Mrs. Macdonald chaperoned this summer her two pretty nieces, Alberta and Elsie Detrick.

BIDS FAIR TO BE A BUSY SUMMER.

It bids fair to be a very busy summer, very different from the lazy, peaceful, tranquil summers which was the rule in the Oakland of the past. The Oakland of the past and the Oakland of the present are two immensely different cities. One has only to go down Broadway with its busy throng or people to know that. There was a time when we knew many people on our leading streets. Now we know our friends of course, but not at all this great throng of strangers. It is interesting to watch the trains arrive, bringing across the bay a great throng of working people, shop girls, stenographers, whose homes are perhaps in the unburned district. On the street one meets business men, crowds of tourists out to see "the greatest ruins in the world," and one notices many smart little turnouts, belonging to new families making their homes here.

But what we most frankly appreciate are our new cafes, our new parks. They represent much that made life brighter across the bay in the days before the fire.

And it must be said of us, that we are living up to our opportunities. For in one cafe alone this week, in one evening, there were orders ahead for fifty "little dinners," and so bright was the cafe that one might have imagined ones self in Paris or Vienna.

Every evening the Forum is full of dinner guests and the whole atmosphere is wonderfully bright and gay. One finds here special dinners, planned long beforehand, and the crowds of people who have just dropped in to enjoy the brilliant scene, and to listen to the beautiful music of the stringed orchestra—quite the best music of its kind to be found anywhere. The whole atmosphere is attractive, festive, fascinating, and in the midst of it all its genial proportion. Brown, immensely pleased at his success, and enjoying the good times of his many guests.

The Forum is taking the place of the St. Francis or the Palace for afternoon tea, for the Californians are developing the afternoon tea habit, which is so charming a phase of social life in New York, London, and Paris. Our dinner hours are being pushed later in the evening, and a late dinner means as a rule, "afternoon tea."

With a cafe of the very latest date and a comic opera that could not be improved upon, given in the midst of the most picturesque surroundings, Oakland bids fair to develop one of the gayest and most delightful summers in her history.

MANY GO TO MOUNTAINS.

As the summer wears away, the mountains claim their own, for one cannot go to the Sierras very early in the season. But now the annual pilgrimage to Lake Tahoe has fairly commenced, and one hears that ideal days are spent at this beautiful lake, high up in the heart of the Sierras.

The Frederick Kohls are as usual at Tahoe, where they have the most delightful cottage on the shore line of the lake. They have a beautiful yacht, on which delightful days are spent, and all through the summer, their home is full of guests, the list including the Misses Anita and Genevieve Harvey, and other of Mrs. Kohl's San Francisco friends. Mrs. E. C. Prather, and pretty Miss Edna Frasher, went to Tahoe last week and intend to remain there some time.

Doctor E. J. Boyes has been at Tafta, on Tahoe, giving his two bright sons, Bedford and Gordon Boyes, a glorious vacation in the Sierras. They have all proved most successful fishermen and stories of their great prowess have been reaching their friends.

The Egbert Storms have closed their

home on Jackson street for the summer, and intend to spend all the vacation weeks at Tahoe. Mr. and Mrs. Harmon Bell had with them at the lake this year, the Traylor Bells, and after an enjoyable stay, they returned to town this week.

Farther up in the mountains from Tahoe is Glen Alpine, and here many Oakland people have been enjoying a rest, among them Mrs. A. L. Adams, and Master Robert Adams.

Governor and Mrs. Pardoe returned to Sacramento recently from a trip to the South. They are planning to take their daughter to the mountains this summer, and the vacation days will probably be spent at Tahoe.

Among those who always go to the mountains each year are the Fred Magees. They are very good mountain climbers, and usually go to the Sierras in August.

At Independence Lake is the picture-esque cottage of the P. E. Bowles.

There is always fine fishing at Independence Lake, and the Bowles family greatly enjoy their weeks there in the summer.

DR. BRINCKERHOFF AT HAYWARDS.

Doctor and Mrs. Erwin Brinckerhoff and their little daughter Ethel, are spending the summer months in Hayward. They have taken a most picture-esque residence there, one of the large homes, and Mrs. Brinckerhoff, who is a most charming hostess, will cordially entertain friends in the country home this summer.

Doctor Brinckerhoff comes to town every morning to attend to his practice and the family is planning to spend the greater part of the summer out of town.

FEELING RESULT OF FIRE.

"Rowdenman," the well known hotel in the Santa Cruz mountains, is to be closed on Saturday for the season, partly through lack of patronage. All the well known resorts in the mountains are feeling the results of the San Francisco fire, for dates have been everywhere cancelled. "Rowdenman" is unusually picturesquely, and it is a great pity it should have to be closed so very early in the season.

Among those who have been staying at Rowdenman, are Mrs. Gibson and her bright sisters, the Misses Delight and Ruth Woodbury. They are going on to Santa Cruz, and will spend the coming month at "Ocean Villa," on the beach there.

CORDERS HOME CLOSED.

The Corders have closed their home on Oak street, and Mrs. Corder, with Miss Amy Corder and Walter Corder, have gone to Guerneville for a month.

Mr. Corder will go for week end visits. The large business block, which is building on Franklin street, will keep him for the most part in town.

FOURTH IN THE COUNTRY.

Those who were at McCrae's for the Fourth of July write enthusiastic accounts of the patriotic way in which the national holiday was observed. The entire population at McCrae's held the great annual picnic by the river. There were all sorts of festivities—games, races, and a most impressive and eloquent oration by H. C. Capwell. And every one knows how eloquent Mr. Capwell can be in the way of an oration.

The picnic luncheon was wonderful in its way—with provisions enough for a small army, and among the Oakland guests who sat on the banks of the river and enjoyed it all were Mr. and Mrs. T. C. Coogan, the Misses Coogan, Judge and Mrs. Charles Snook, Mr. and Mrs. W. T. Vetch, Mr. and Mrs. Felton Taylor, Mr. and Mrs. Churchill Taylor, Mr. and Mrs. Montell Taylor, Mr. and Mrs. H. C. Capwell.

INTERESTING DINNER.

Among the interesting dinners of the week was that given on Friday evening by Miss Nellie Chabot. Miss Chabot recently returned from Washington, and has opened the old family home on Lake Merritt.

Covers were laid for ten, and among the guests were Mrs. Victor Metcalf and Miss Nicholson.

CHANGES IN HOMES.

There are to be changes in many interesting homes this coming season. It is rumored that the A. L. Stones are to give up "Rosecrest," the beautiful home of the Alexander Youngs, which the Stones have been occupying for so many months.

They are to take the picturesque Greenwood home on the corner of Jackson and Durant streets.

Mr. and Mrs. J. H. Dieckmann are planning to establish their home in this city, when the family returns from its summer outing early in the autumn.

MRS. HAVENS IN EAST.

Mr. Frank Havens returned from the

home on Jackson street for the summer, and intend to spend all the vacation weeks at Tahoe. Mr. and Mrs. Harmon Bell had with them at the lake this year, the Traylor Bells, and after an enjoyable stay, they returned to town this week.

Farther up in the mountains from Tahoe is Glen Alpine, and here many Oakland people have been enjoying a rest, among them Mrs. A. L. Adams, and Master Robert Adams.

Governor and Mrs. Pardoe returned to Sacramento recently from a trip to the South. They are planning to take their daughter to the mountains this summer, and the vacation days will probably be spent at Tahoe.

Among those who always go to the mountains each year are the Fred Magees. They are very good mountain climbers, and usually go to the Sierras in August.

At Independence Lake is the picture-esque cottage of the P. E. Bowles.

There is always fine fishing at Independence Lake, and the Bowles family greatly enjoy their weeks there in the summer.

DR. BRINCKERHOFF AT HAYWARDS.

Doctor and Mrs. Erwin Brinckerhoff and their little daughter Ethel, are spending the summer months in Hayward. They have taken a most picture-esque residence there, one of the large homes, and Mrs. Brinckerhoff, who is a most charming hostess, will cordially entertain friends in the country home this summer.

Doctor Brinckerhoff comes to town every morning to attend to his practice and the family is planning to spend the greater part of the summer out of town.

FEELING RESULT OF FIRE.

"Rowdenman," the well known hotel in the Santa Cruz mountains, is to be closed on Saturday for the season, partly through lack of patronage. All the well known resorts in the mountains are feeling the results of the San Francisco fire, for dates have been everywhere cancelled. "Rowdenman" is unusually picturesquely, and it is a great pity it should have to be closed so very early in the season.

Among those who have been staying at Rowdenman, are Mrs. Gibson and her bright sisters, the Misses Delight and Ruth Woodbury. They are going on to Santa Cruz, and will spend the coming month at "Ocean Villa," on the beach there.

CORDERS HOME CLOSED.

The Corders have closed their home on Oak street, and Mrs. Corder, with Miss Amy Corder and Walter Corder, have gone to Guerneville for a month.

Mr. Corder will go for week end visits. The large business block, which is building on Franklin street, will keep him for the most part in town.

FOURTH IN THE COUNTRY.

Those who were at McCrae's for the Fourth of July write enthusiastic accounts of the patriotic way in which the national holiday was observed. The entire population at McCrae's held the great annual picnic by the river. There were all sorts of festivities—games, races, and a most impressive and eloquent oration by H. C. Capwell. is wonderfully fascinating all the same. The Chinese women and children make pictures which would delight the heart of an artist, and you can hardly pass through Chinatown without carrying away a sketch you would care for.

Especially amusing are the names of the children. "Andrew," called a little Chinese girl the other day to a moon-eyed Chinese lad, her brother, "You have to come into the house."

And "Andrew" answered, "Rubber!" quite like any bad Little American boy.

Then their almond eyed mother came to the door, and though she spoke in Chinese we were quite sure she was scolding "Andrew," just like any American mother would have done.

The elemental facts of life are very much the same after all.

TRANSITION DAYS.

The transition days are here, and a very good thing it's for us that they are. One has a very great respect for the people who have accepted their losses quietly, and have gone very bravely to work. It is for "the grouch" or for the one who whines that we really have no sympathy.

Many a helping hand is being extended in these hours of need, and what little has been left has been generously shared.

A big fire happened

Among the guests were the three honored visitors, Mrs. J. G. O'Neal, Mrs. L. R. Matbohm, Miss Leona Durfee and Mrs. J. F. McAnany.

CHILDREN'S PARTY.

Mrs. Fred Morals and her little daughter, Beatrice, entertained a dozen children this afternoon at a picnic and theater party given at Idora park. The occasion was the celebration of the little hostess' birthday.

CARD CLUB.

Mrs. J. L. Milton was hostess yesterday afternoon at the meeting of a congenial card club whose meetings were discontinued in April.

SURPRISE PARTY.

Miss Fern Alderson was the recipient of a merry surprise party Thursday evening, given by a number of young friends at her home on Brush street. The interesting details were arranged by Claude Archer and Fred Hughes, with Mrs. C. L. Alderson, mother of the honored guest, who was assisted in celebrating her eighteenth birthday.

There were games and music and a good time. Refreshments were served on the lawn, which was prettily alight with many Japanese lanterns. There were present to congratulate Miss Fern, Miss Eloise Freeman, Miss Gertrude Hughes, Miss Dorothy Fredericks, Miss Katie Fredericks, Miss Eve Thiene, Miss Bedelia Cluff, Mrs. C. Bean of Bieber, Mr. and Mrs. J. E. Young, Mr. and Mrs. C. E. Archer, Mr. and Mrs. Wesley Dickinson, Neil Frederickson, Claude Archer, Fred Hughes, Ralph Stanley, Mr. Sorenson, Mr. Nelson, Mrs. E. Miller and Mrs. C. E. Alderson.

HIGGINS-LILLY.

J. W. Horn, pastor of the South Methodist Church, officiated last evening at a pretty wedding when Miss Lillian Higgins became the bride of Uriel Lilly. The groom is in the employ of Wells, Fargo & Co., and both young people are residents of Sacramento.

GONE TO MEXICO.

George Clark and party left this morning for Mexico. They will spend probably a year in that interesting country. Mr. Clark has mining interests which will occupy his attention for several months to come.

VACATION TRIP.

Miss Margaret Olcease is enjoying a delightful stay at the summer home of Mr. and Mrs. E. Montinoni of San Francisco at Camp Meeker.

IN BERKELEY.

Mrs. Louise Gage, her mother, Mrs. Langworthy, and her sister and brother, Miss Langworthy and Ralph Langworthy, have taken a house in Berkeley.

Miss Marie Rose Deane will spend most of the summer in Berkeley.

WILL RETURN.

Mrs. William Havemeyer, Miss Ethel and Miss Vera Havemeyer and Miss Bernice Macdonald are expected to arrive in Oakland next Monday.

Mrs. Havemeyer and her daughters are returning after a long stay in New York, and Miss Macdonald is coming home from an eight months' stay in London, where she has been the guest of friends.

SUMMER OUTING.

A party of campers leave today for a three weeks' outing in Shasta county, with headquarters at the Jensen ranch. Dr. and Mrs. A. S. Larkey are chaperoning the party, which includes Mr. and Mrs. Dan Heiden, Miss Carolyn Oliver, Miss Anita Oliver, George Jensen of Alameda and Ralph Jones.

George H. Strong and Miss Georgia Strong leave shortly for a two weeks' stay in the Yoamites.

STORK'S VISIT.

Mr. and Mrs. A. A. Marlatt are receiving congratulations on the arrival of a little son in their home. The little chap has been named Alfred Steele Marlatt.

SOCIETY NOTES.

Mr. and Mrs. William Mears have leased the George Eaton home in Piedmont for six months. Mr. Mears is a prominent eastern capitalist, while Mrs. Mears will prove an acquisition to Oakland society.

CURE FOR LIQUOR HABIT

Give Orrine and Destroy all Desire—
Sold Under Guarantee.

Orrine is the most successful cure for the liquor habit that the world has ever known. It is a home treatment, given without publicly, detention from business or loss of time, and is absolutely guaranteed if the simple directions on each box are faithfully followed.

We know positively that there is not a drunkard upon earth, no matter how chronic, whom the Orrine treatment will fail to cure. So remarkable have been the changes wrought for suffering drinking men by Orrine that leading ministers, charity workers and philanthropists everywhere recommend the treatment. Thousands of endorsements have been given for the remedy. Treatise on how to cure drunkenness free on request, Orrine Co., Washington, D. C.

The Public Drug Co. of Chicago sold over 2000 boxes of Orrine in ninety days and say: "We have every confidence in the world to recommend Orrine to any of our customers who is in need of a positive and harmless cure for the liquor habit, as we have heard many say that Orrine has cured when other remedies have failed."

Orrine is in two forms, No. 1, the secret remedy which can be given without the knowledge of the patient; No. 2 in pill form for those who wish to be cured. In every box is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure. The price of either form is \$1 per box.

Orrine is for sale at the Owl Drug Company, corner of Thirteenth and Broadway.

PREACHES TEMPERANCE IN NOVEL MANNER

CHICAGO, July 14.—"Steve" C. Summer, Union Temperance crusader, used practical methods yesterday to convert 500 members of the "milk wagon drivers union." "Steve" opened a can of buttermilk and a keg of beer in the union meeting and allowed the drivers to witness the effects of the two beverages themselves. The result was that eighteen members drank the beer and remained unconvinced. By far the greater number, however, tasted the buttermilk and swore allegiance to Summer's crusade. The union afterwards passed a resolution endorsing Summer and many signed the pledge which "Steve" had prepared.
